REMARKS

For Information Only:

This submittal package includes engineering and calculations from KPFF for the rubble bracing that will be installed by Rhine Demolition at the 823 3rd Ave building location during demolition. This rubble bracing will remain in place to support the soil load on 3rd Ave and Marion Street until shoring has reached a point that it is no longer required.

A separate submittal package will be submitted for the 801 3rd Ave building engineered rubble bracing, this will include steel members and walers to assist with demolition and generating material.
